

§ 4775.08. Fees; registration fund.

(A) The initial and annual renewal fee for a motor vehicle collision repair registration certificate and for a temporary motor vehicle collision repair registration certificate is one hundred fifty dollars for each business location at which the motor vehicle collision repair operator conducts business as an operator, except that the board of motor vehicle collision repair registration, with the approval of the controlling board, may establish fees in excess of or less than that amount, provided that such fees do not exceed or are not less than that amount by more than fifty per cent.

The board shall adjust the fees as necessary in order to provide for the expenses associated with carrying out this chapter without causing an excessive build-up of surplus funds in the motor vehicle collision repair registration fund, which is hereby created in the state treasury.

(B) If the board has notified or attempted to notify a motor vehicle collision repair operator that the operator is required to be registered under this chapter, and the operator fails to register, the initial fee for the registration of such an unregistered operator for each business location at which the operator conducts business as an operator, is the initial fee then in effect plus an additional amount equal to the initial fee then in effect for each calendar year that the operator is not registered after the board has notified or attempted to notify the operator.

(C) The board shall deposit all fees and fines collected under this chapter into the motor vehicle collision repair registration fund. The board shall use the fund solely for the administration and enforcement of this chapter.
