Good faith effort by applicant for "temporary motor vehicle repair registration certificate".

- (A) A good faith effort by a motor vehicle collision repair operator shall be one in which the motor vehicle collision repair operator has applied for or has otherwise submitted information to all applicable regulatory agencies, political subdivisions, or other entities, the purpose of which is to obtain permits, identification number(s), insurance coverage(s), registrations, and/or license(s), the receipt of which is pending, from those regulatory agencies, political subdivisions, or other entities so as to comply with all applicable federal, state, and local statutes, and those required by the board.
- (B) The collision repair operator shall, within a reasonable period of time, provide photocopied original documentation to the board with which to verify the efforts to secure the above permits, identification numbers, insurance coverages, registrations, and/or license from the issuing agency or entity.
- (C) A reasonable period of time shall be within and no more than thirty days from the date in which application or contact is made by the operator to or with the issuing agency or entity.
